Training records now available online

Santa Cruz County Sheriff training records are now available on our website at www.scssheriff.com. On September 20th, 2018 California Governor Jerry Brown signed S.B. 978, requiring local law enforcement to publish their training records online. The law will go into effect on January 1st 2020. In early compliance, the Sheriff's Office has created a link under the transparency tab to provide direct access to training documents. The website contains current training documents, training calendars, and training archives relating to our Corrections and Law Enforcement divisions.

The included data is a valuable resource regarding the Sheriff's Office commitment to staff development through ongoing training and education.
